Cromer

Cromer is a typical fishermen town located on the heart of the North Norfolk coastline. Steeped in history and world famous for it's Cromer crab, a delicacy which is harvested just off the coastline along a chalk reef. The delicious brown crab is exported all over the world for its rich taste. Cromer came to popularity in Victorian times when the train line was built to serve the town. The train would bring holiday makers from London to its beautiful beaches.

Much can be seen of the Victorian era with many of the buildings and houses dating from that era still in the town. The famous author Clement Scott wrote about his love of Cromer giving the area its name of "Poppyland" which it is still referred to today. The town relies on tourism swelling the population during the summer months. Cromer's' famous carnival held in August is one of the UK's largest carnivals held every year. Cromer has excellent transport links to Norwich and beyond.
